

SWITCHING SHOES

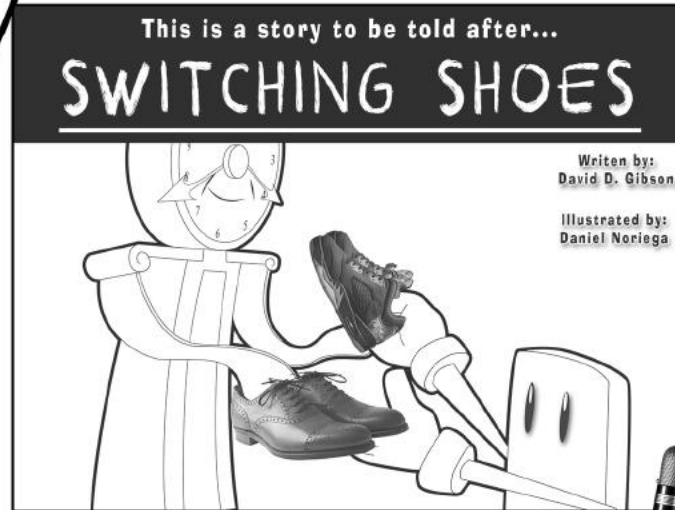

**Written by
David Gibson.**

**Illustrated by
Daniel Noriega.**

**Ladies and gents, boys and girls,
young and old, please be amused!**

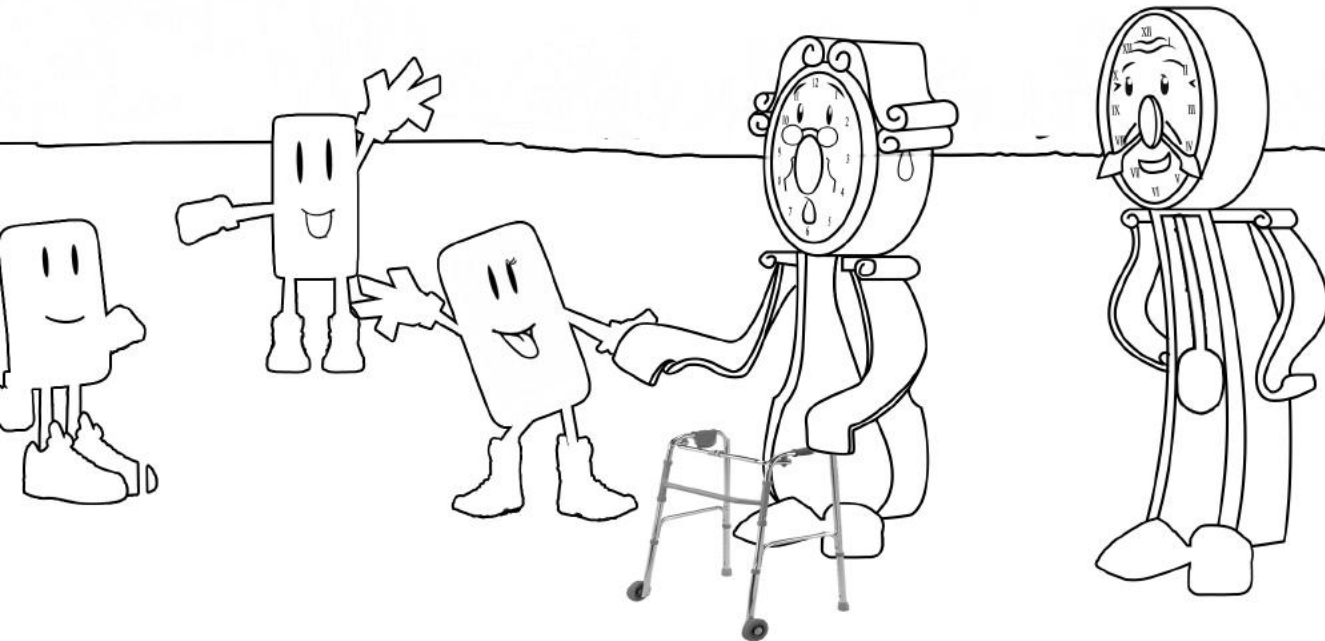

**For this story is to be
told after you switch
shoes...**

Oh! the bliss of being young...

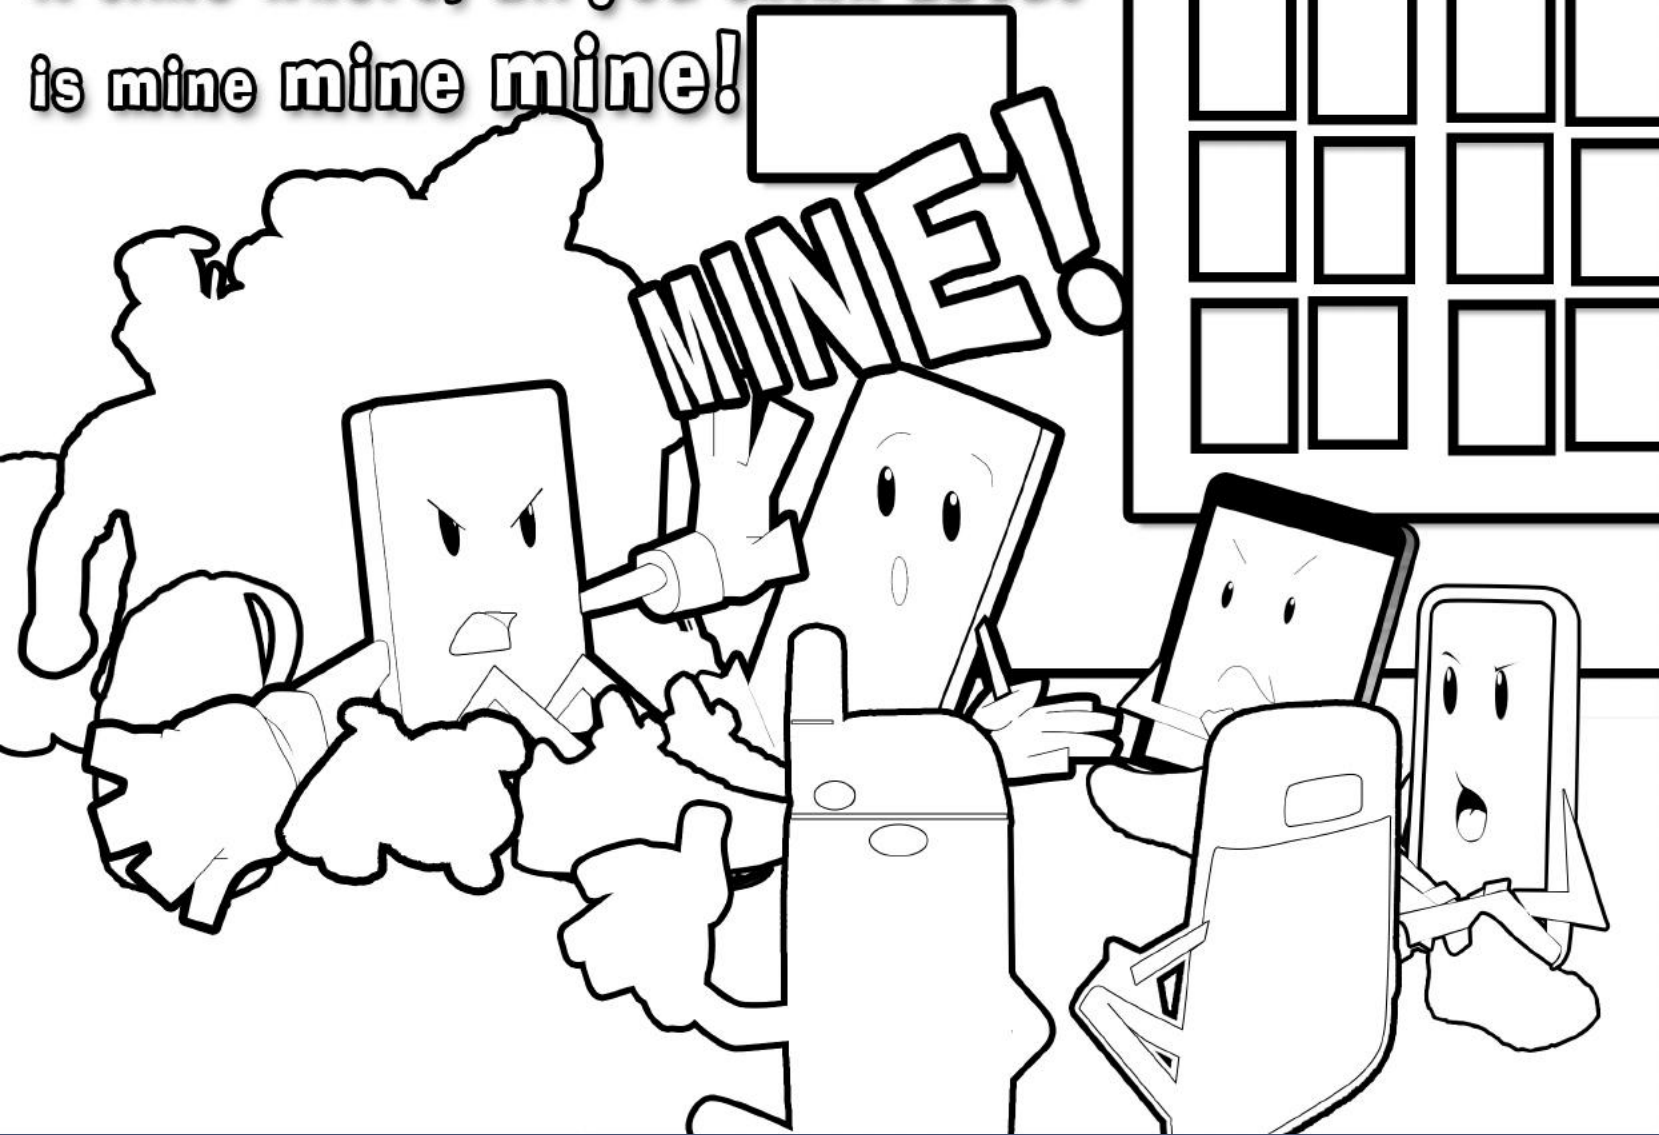

As a child everything
is about FUN!

**Not having any true
cares or worries,
just laughing
having a good
time.**

A time where, all you think about
is mine mine mine!

**You wish you could
drive the car and go
wherever you please.**
